

Mobile Web Conferencing Hub

- Tracking Camera
- High Density Audio
- USB In/out
- Movable

1oT Corp.

Mobile Web conferencing hub MIC1000

Mobile Web Conferencing tool

1. Tracking PTZ Camera
2. Wireless button system for speaker
3. Microphone mixer and USB speaker system
4. Camera could be on base tripod
5. We provide the main unit and tracking wireless buttons. The another unit such as Mic, mixer and cable should be bought in Amazon
6. Sending the main unit and tracking button, and buying link of Amazon

Component

Body (camera, microphone mixer and USB conversion speaker system)

Specification

	
Model #	MIC1000
overview	<p>Camera and body. Mixer with sound on-off function USB input/output Built in speaker Eco-canceller function. Working with regular gooseneck microphone</p>

Video conference room AV system main body, built-in speaker
USB input/output with built-in eco canceller
Preset remote control camera available for pan tilt zoom
Easy to move and install
N microphones can be connected (total 6 ports)
Gooseneck microphone sold separately
Removable wheels
Audio mixer provided
USB input/output function
10W speaker provided
20~20,000 Hz frequency band
Electrical power: Switch power 100-240V ;
Static power consumption: 10W ;
Max. power: 350W ;
Output power: ≤110W/24V ;
Audio frequency output impedance: 100Ω ;
Audio frequency output type: Unbalanced ;
Loudspeaker input impedance: 2kΩ ;
Loudspeaker input level: -60dB ;
Loudspeaker input type: Unbalanced ;
Frequency response: 60-12kHz ;
S/N: >80dB ;
Harmonic wave distortion: <0.5% ;
Overloading wave distortion: <1% ;

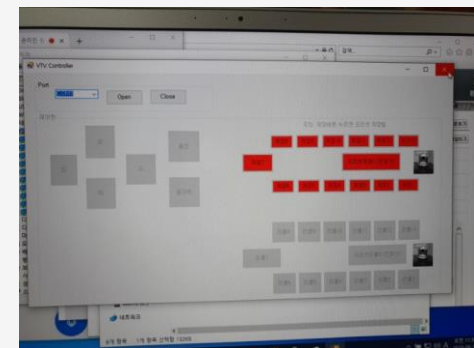

Body (camera, microphone mixer and USB conversion speaker system)

Specification

	
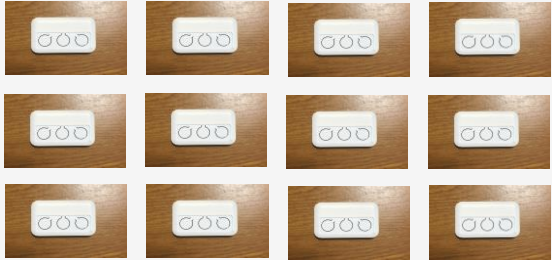

Model #	MIC1000
overview	<p>Camera and body. Mixer with sound on-off function USB input/output Built in speaker Eco-canceller function. Working with regular gooseneck microphone</p>

USB output camera
 Remote control software included
 128 built-in presets enable.
 PTZ camera with remote controller too.
 Camera tracking function with our wireless Trio button.
 10x zoom
 Provide remote control software
 1/2.8" HD CMOS Sensor, 1920x1080, 50/60 Hz refresh rate
 RS232 Control Protocols: VISCA, 9600 baud
 Multiple camera addressing
 Mechanism
 Rotation Pan rotation: $\pm 170^\circ$ Tilt rotation: $-30^\circ \sim +90^\circ$
 Manual control speed Pan: 0.1-150°/sec Tilt: 0.1-80°/sec
 Preset control speed Pan: 40°/sec; Tilt: 30°/sec
 Power Supply Adapter : AC110V-AC220V to DC12V/1.5A
 Input voltage : DC12V(DC11.5-DC12.5V)
 consumption : 10W(max)
 Store temperature : -10°C to $+60^\circ\text{C}$
 Working temperature : 0°C to $+45^\circ\text{C}$
 Dimension (W x H x W) :
 130mm(너비)×140mm(깊이) ×140mm(높이)
 Weight : 1.5KG
 VTV Control SW Compatible

Tracking Wireless Button

Specification

Model #

Touchstar Trio BTN

overview

Camera Tracking machine
N = Trio buton #

The body is wirelessly receiving the signal from the button, Transmitting Camera presets.
Preset can be saved, modified for each 3 buttons
Save one preset to multiple buttons
Receiving space within 50m
447.875 MHz frequency band
10 mW
CR2032 coin battery
Transceiver type: 360 degree
Communication method F S K
Indirect lighting of lower part LED
N Trio Buttons option
Dimension 74x46x11.3 mm
Receiver separate
VISCA PTZ control signal program camera protocol

Tripod (Buying from Amazon)

Specification

Model #

**Cube
4000**

overview

Low Price
Sustainable

Stability
4 steps of height adjustment
Tilt handle
Fan fixing knob
Material: Aluminum and plastic mixed
Height up to 1500 mm
Minimum length 560 mm
Leg fixing screw
Vertical shooting function
Gift bag

Gooseneck Mic (Buying from Amazon)

Specification

Model #

M7000 w-cable

overview

Gooseneck type mic
Condensor

Table style

Phantom Voltage

Cables

Operating Principal Condenser

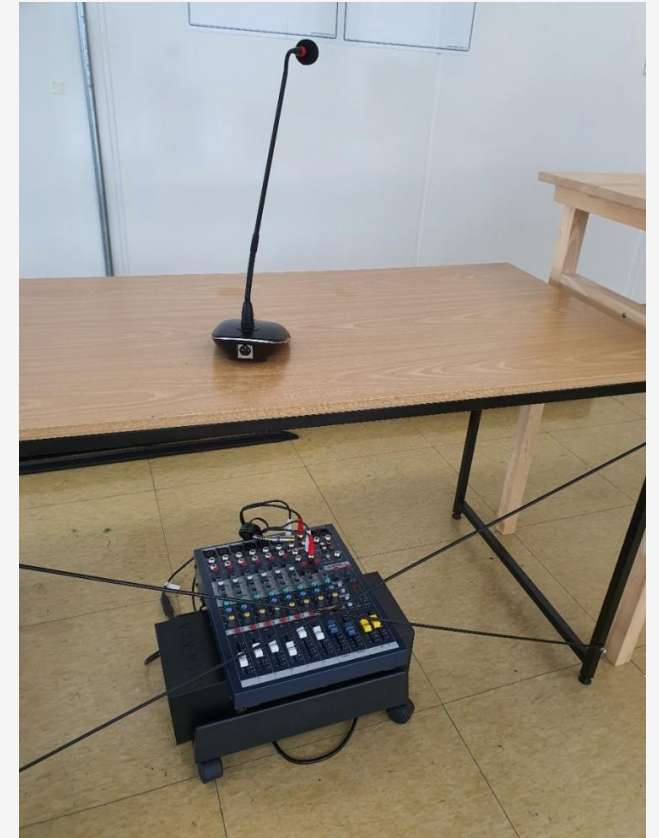

Polar Pattern Cardioid

Sensitivity -32dBV (25mV) @ 1 Pa

Impedance 440 ohm

Length - 500mm

Weight -115g
